The cabinet that built Strong

The patented DURA-LAST® Cabinet on Strong’s Premium Series spas

Lifetime warranty, maintenance-free and energy-efficient!

- The first spa cabinet with a Lifetime Warranty
- Virtually indestructible cabinet
- Provides easy access to spa components
- Patented Dual-Walled Design
- Energy-Efficient
Featuring Strong’s Exclusive Patented DURA-LAST® Cabinet System with a Lifetime Warranty!

A simple repair can be costly when spa components are buried in foam insulation. Imagine a car with the hood welded shut! Strong’s acrylic spas afford easy 360° access for routine maintenance by providing energy-efficient perimeter insulation options, including our patented, dual-walled DURA-LAST® cabinet system.

- Insulated Double-Walled Construction. Proprietary foam insulation is sealed between resin walls, meaning easy access to spa components!
- Pump Heat Recycled/Reuse within cabinet air space for energy savings!
- Passed the rigorous California Energy Commission (CEC) Efficiency Test
- Insulated, integrated DURA-BASE® 10x thicker than standard bases.

NEW! Control your spa from anywhere through the optional WiFi App. Modify and monitor temperature, filtration, jets, lighting, usage, service and more!
