ENGINEERING, INNOVATION, STATE-OF-THE-ART DURABILITY

STRONG SPAS' PATENTED
DURA-SHIELD® HARDCOVER
with **ULTRA-STRONG®** COVERLIFT SYSTEMS

STRONG SPAS

Thanks to the brilliant innovation of DURA-SHIELD, Strong Spas' hardcover is the best in its class for durability. Strong Spas uses patented technology to create a true hardcover, molded from specially-formulated polymers, then filled with proprietary foam to protect against harsh environments and provide energy-saving heat retention.

For demonstration purposes only. Always supervise children around hot tubs and discourage people and pets from climbing on any hot tub cover.

WHY DURA-SHIELD?

Simple. Quick. Easy. Zero to Ahhh in 30 seconds!

- Built-in UltraStrong® CoverLift system
- Patented DURA-SHIELD® is as easy to open as a car door.
- No barriers to entry.

Lifetime Warranty* *An investment in the life of your spa.*

- Integrated, factory-installed DURA-SHIELD Hardcover is worry-free.
- Not an after-market accessory.
- Never worry about snow, as DURA-SHIELD will support 1000+ lbs. of load or debris.
- A Strong Spa owner who chooses DURA-SHIELD enjoys convenience every day and money savings over time having purchased the longest lasting spa cover.

Safety *DURA-SHIELD is designed with safety in mind.*

- Lockable
- Patented
- DURA-SHIELD Hardcover is engineered to be quick and easy for an adult to open.
- Specifically designed to protect against unwanted child entry.

Energy Efficient *Saves you energy and money!*

- DURA-SHIELD Hardcover keeps your spa hot – and ready to use without wasting energy
- Unique design of the DURA-SHIELD hardcover ensures insulation will maintain that same R-value for many, many years.

*see warranty for details on models and coverage.

Combining resilience with security, and strength with beauty, DURA-SHIELD requires very little maintenance and is built to last.

A Strong Spa owner who chooses DURA-SHIELD enjoys convenience every day and money savings over time in never having to replace the spa cover.

Proprietary foam insulation is encapsulated within the dual-walled DURA-SHIELD® HardCover.

Why add to the
landfill crisis?

The last spa cover you'll ever need!

Hundreds of thousands of vinyl soft covers are disposed of every year, and consumers are repeatedly forced into buying replacement soft covers that will again retain moisture, rot, mold, and deteriorate within a few years.

With its Lifetime Guarantee, the DURA-SHIELD HardCover greatly eases this environmental stress.*

DURA-SHIELD® HardCover
